

Tylenol Alert

Title: EXPANDED RECALL-Benadryl, Motrin, Tylenol-musty odor

Alert Message from Health & Homeland Alert Network:  
January 15, 2010, which was initiated following consumer complaints of a musty or moldy

odor, which has been linked to the presence of trace amounts of a chemical called 2,4,6-tribromoanisole, TBA.

These lots are being added to the list of recalled products as a precautionary measure.

Consumers who purchased product from the lots included in this recall should stop using the

product and contact McNeil Consumer Healthcare; log on to the internet at

<http://www.mcneilproductrecall.com/> or call 1-888-222-6036
