PRESS RELEASE PESTICIDE EXCLUSION INFORMATION for the NORTHEAST MASSACHUSETTS MOSQUITO CONTROL AND WETLANDS MANAGEMENT DISTRICT

Northeast Massachusetts Mosquito Control and Wetlands Management District is providing the following information regarding The Pesticide Exclusion Program. This program was implemented to allow land owners to exclude their property from public area-wide application of pesticides (see 333 CMR 13.03 – Exclusions for Application)

This reads in part:

Designations for exclusions may be made by supplying the clerk of the municipality in which such lands lie with a certified letter providing the name, address and telephone number, names of all abutters and the types of pesticide programs from which exclusion is requested. The desires of the owner of the property will take precedence over those of a tenant according to 333 CMR 13:00. Designations must be made prior to March 1 of each year and shall be effective from April 1 of that year to March 31 of the following year. (333 CMR 13.03, paragraphs 1b & 1c)

The full text of this regulation may be found on the internet at:
