

Minutes of the Town Web Site Committee

May 25, 2011

Approved 6/22

Executive summary:

Contribute software is no longer available for adding to new users. A new application (Expression Engine) is under development. In the meantime, Perch will be customized as needed. Web use statistics were reviewed and will be included in a Cable / Web Plan being prepared for the Selectmen. Electronic forms were demonstrated with a Cable / Web Announcement form. An additional form for posting the Town Sign Board announcements is under development. The idea of a Web-base "Wish List" for needed resources for Town use was reviewed. Several issues were raised that postpone this idea. The Assessors' publishing of the Real Estate Cards was reviewed. The information is currently on the Web. A transition plan is needed to fully implement the conversion.
