

Minutes of the Town Web Site Committee

June 23, 2010

Approved 7/28

Executive summary:

Bob Ogden is a new member. Town Hall will be upgrading to FIOS for Internet access. Implications for the Town Website need to be researched. Discussion was held on payment of small town fees on the Internet and the collecting of residents' E-Mail addresses. Additional research will be done. The Cable TV / Web Public Survey was reviewed. 554 survey forms were returned, over 26% response. 35% access the website once a month or more. As expected people who used the Internet for the survey access the web more frequently, 51%. 39% would like to have "video on demand" of cable TV programs available on the Internet. Again over 50% of those "on-line users" want "on demand video".
