PUBLIC NOTICE
ULV TRUCK ADULTICIDE APPLICATION TO CONTROL MOSQUITOES

The Northeast Massachusetts Mosquito Control and Wetlands Management District is conducting a ULV application of the adulticide, Zenivex E4-RTU to control adult mosquitoes in Topsfield, MA in the evening between the hours of 6:45pm and 11:00pm on **Monday September 23, 2019**. In case of inclement weather, then Tuesday September 24, 2019 would be the alternate date.

The spray areas are as follows: **All public streets within the Town of Topsfield and including Topsfield Fairgrounds.**

The material to be applied Zenivex E4-RTU (EPA Reg# 2724-807). Active Ingredient: Etofenprox (CAS #80844-07-1) 4%. Zenivex E4 RTU mosquito adulticide is a high efficacy, reduced-risk adulticide that provides quick, permanent knockdown and reliable control of adult mosquito populations in any mosquito habitat **flying at the time of application.** This product contains no synergist, therefore no Piperonyl Butoxide (PBO). The Safety Data Sheet and Product Label can be viewed @ <https://www.nemassmosquito.org/public-education/pages/adulticide>

The vehicle is a mid-sized white truck, will be marked with the NEMMC seal and will be driving slowly through the above designated areas with yellow lights activated. **Residents and pets should remain indoors while the vehicle is operating in these designated areas.** Air conditioners can remain ON. Please close doors and windows street side, can reopen within ½ hour after truck passes.

For further information contact the Northeast Massachusetts Mosquito Control and Wetlands Management District at 978-352-2800.
