Self-Management Self-management is the ability to regulate one's emotions, thoughts, and behaviors effectively in different situations. This includes managing stress, delaying gratification, motivating oneself, and setting and working toward personal and academic goals.	Self-Efficacy Self-Efficacy is the belief in one's ability to succeed in achieving an outcome or reaching a goal. This belief, specific to a task or an area of knowledge or performance, shapes the behaviors and strategies that help one pursue their goal.
Social Awareness Social Awareness is the ability to take the perspective of and empathize with others from diverse backgrounds and cultures; to understand social and ethical norms for behavior; and to recognize family, school, and community resources and supports.	Growth Mindset Those with a growth mindset believe that ability can change as a result of effort, perseverance, and practice
